specifications shall not be considered vested development.

6-3.3 Variances

Variances to the provisions of these Land Development Regulations may be granted by the City Council for minor development activities or other developments which do not require an amendment to the Comprehensive Plan including the Future Land Use Map or the densities and allowable uses of the property. The variance request shall not result in the obligation of the City Council to pass an Ordinance. Variances allowed under this subsection shall not supersede or abrogate the variance conditions associated with flood damage prevention and/or the requirements of the National Flood Insurance Program.

No variance shall be granted for noise attenuation standards and real estate disclosure requirements within any noise contour equal to or above the 65 dB DNL as depicted on the Air Installation Compatible Use Zone ("AICUZ") Overlay Map adopted by the City. A variance request will only be considered for those things not expressly prohibited by these Regulations.

Any person desiring to undertake a development activity not in conformance with these Land Development Regulations may apply to the City for a variance, either in conjunction with the application for development permit or for existing development. The variance shall be granted, granted with conditions, or denied by the City Council in conjunction with the procedures for development review. An applicant requesting a variance shall submit an application to the City on City approved forms and pay the required fee. Additionally, the applicant must provide to the City data and analysis to support the request.

Any application for a variance shall be considered by the Planning Commission and the City Council at duly noticed public meetings. The City will post a sign on the property subject to the variance request or on a representative property if a number of properties are involved in clear view of passing vehicular traffic at least five (5) days in advance of each meeting to consider the application. Evidence of the foregoing acceptable to the City must be provided to the designated representative of the City by the applicant prior to the public hearings. The applicant shall pay an application fee as prescribed by the City from time to time. In addition, all fees and costs including but not limited to costs of notices and signage shall be borne by the applicant and shall be paid prior to consideration of the variance request.

The designated representative of the City shall first determine whether the need for the proposed variance arises out of the physical surroundings, shape, topographical condition, or other physical or environmental conditions that are unique to the specific property involved. If so, the Planning Commission and the City Council shall make the following required findings based on the granting of the variance for that site alone. If, however, the condition is common to numerous sites so that requests for similar variances are likely to be received,

the Planning Commission shall make recommendation and the City Council shall make the required findings based on the cumulative effect of granting the variance to all who may apply. The burden of proof and of persuasion to support a variance request shall be clearly upon the applicant. The applicant must present, the Planning Commission must recommend and the City Council must find clear and convincing evidence to support each of the following elements:

1. There is a specific hardship affecting the development of the property resulting from the strict application of the provisions of these Regulations;
2. The hardship is not a result of actions of the owner and is not based solely on a desire to reduce development costs;
3. The proposed variance is necessary to preserve a substantial property right where such property right is generally available to other property owners of adjacent or nearby properties or other properties in the land use category;
4. The proposed variance will not materially increase congestion on surrounding streets, increase the danger of fire or other hazard or otherwise be detrimental to the health, safety or general welfare of the public;
5. The proposed variance will be compatible with adjacent and nearby development and will not alter the essential character of the land use district;
6. The effect of the proposed variance is consistent with the purposes of the Regulations; and
7. The effect of the proposed variance is consistent with the Comprehensive Plan.

In reviewing an application for a development permit involving a variance, the Planning Commission may recommend and the City Council may require such conditions and impose such restrictions upon the premises benefitted by a variance as may be necessary to allow a positive finding to be made on any of the foregoing factors, or to minimize the injurious effect of the variance as it deems appropriate in granting any request.

A variance if granted shall run with land once established (i.e., not expired or revoked). Whenever the City Council has denied a variance, the same shall not consider any further substantially equivalent request for variance on any part of the same property for a period of 12 months from the date of such action (or date of any final court order upholding denial of the variance), unless this restriction is waived by a majority vote of the members of the City Council present at the time of the vote.

6-3.4 Amendments to the Comprehensive Plan

Any changes or alterations involving the type or designation of land uses, or the allowable development within such land uses comprising Comprehensive Plan amendments shall be adopted in accordance with Section 163.3184 and 163.3187 of the Florida Statutes.

Requests for Comprehensive Plan amendments involving both small-scale and large-scale

council that the request will extend beyond sale of property to new owner. On a motion by Ms. Barrow and as second of Ms. Gibson, the council approved the joining of the two parcels.

Ms. Barrow- aye

Mr. Chaple – aye

Ms. Galbreath – aye

Ms. Gibson – aye

Mayor Kelly – aye

3. **Heritage Funeral Home 5213 E Bus 98 – Request for variance on setback of overhang - Chris Walker in attendance** – Ms. Galbreath asked if there is a permit for the overhang, Mr. Walker said a permit was sent to EPCI but during construction it was noticed that it was in the setbacks. A stop work order was placed. Mr. Walker said the stop work order was due to building in the setbacks. Mr. Walker said this was an overhang prior to the storm. Mr. Creel walked the site with Mr. Walker, and they spoke about the porch. The city requested all permits on property from EPCI this week and did not receive a permit for the overhang. Overhang poles will be in the setback. Drawing sent to city for site plan shows overhang between two buildings, not on front of building. Ms. Galbreath has concern that a permit may have been issued in error and may be administrative error in allowing the permit to be issued in the setback, she feels the variance would allow for the structure to remain. The clerk reiterated that the city spoke with EPCI and there is no permit for the overhang. Mayor will speak with Mr. Creel of EPCI to see if a permit exists for the overhang. The council would like the structure to be rebuilt without a variance as it was prior to the storm, a permit needs to be issued. Mr. Walker and Mayor Kelly will speak with EPCI and rehear the request at the next council meeting.

Planning Meeting Minutes

November 8, 2022

Page

approximately 390 square feet short of minimum, has extenuating circumstances to allow and council should consider acceptance:

Mr. Palmer - aye
Mr. Stryker - aye
Mr. Robicheaux - aye
Mr. Rega - aye

2. **5100 and 5102 Hickory Street, joining parcels, Duplex on 2 parcels. Mr. Yonts, owner joined via Zoom.** Mr. Sloan stated that the consideration of whether it is a non-conforming use or structure should be determined first. Duplex is currently not allowed in residential areas per the LDR. Joining the parcels will not affect non-conforming use but will not be allowed if property is sold, it would lose the grandfathering clause per Mr. Sloan. Current owner may join the lots, but a new owner would need a variance due to non-conforming use in a residential area. Motion to recommend favorably for the allowance of the joining of the parcel to council by Mr. Stryker and a second by Mr. Robicheaux.

Mr. Palmer - aye
Mr. Stryker - aye
Mr. Robicheaux - aye
Mr. Rega - aye

If a buyer turns into a single-family home, it will meet the LDR without the need for a variance.

Mr. Stryker left the meeting due to previous obligation. Quorum maintained.

3. **5213 Bus Hwy 98, Heritage Funeral Home, Chris Walker in attendance.** Requesting variance due to setback on Bus 98. Will not increase congestion, not cause financial hardship. Purchased ten years ago, trying to keep business low key due to nature of the business. This building will not be open to the public. Mr. Walker stated that he was unaware of needing a variance due to it being there prior to the storm. He is only building a porch, will not be used by the public. He will join the parcels in the future. Per Mr. Walker the site had an overhang previously when the site was a gas station. Mr. Walker stated that they had a permit and a stop work order was given due to being in setback. Motion to send to council for allowance of variance for overhang to be built as requested by Mr. Robicheaux and a second by Mr. Palmer.

Mr. Palmer - aye
Mr. Robicheaux - aye
Mr. Rega - aye

Task List:

1. **Comp Plan Review-** Review of comp plan, discussion of sections 9. Mr. Sloan will look at section 9.2 with regards to the 25 year or 100-year wording. Mr. Rega will look at 9.1-5. Will remove chart in 9.4-7 and place a period and omit "as specified in this element."

5145 E. Bus. Hwy 98

CITY OF PARKER

Petition for Variance Application Criteria for Variance Application Approval

The following 5 criteria must be met for the variance to be approved by the council:

1. There are extreme practical or economic difficulties in carrying out the strict letter of these Land Development Regulations
2. The variance request is not based predominately upon a desire to reduce the cost of developing the site.
3. The proposed variance will not substantially increase congestion on surrounding public roadways, the danger of fire, or other hazard to the public.
4. The proposed variance will not substantially diminish property values in, nor alter the essential character of, the area surrounding the site.
5. The effect of the proposed variance is in harmony with the general intent of these Land Development Regulations and the specific intent of the relevant subject area(s) of these Regulations.

SUBMITTALS FOR THE PETITION FOR VARIANCE-Packets must include the following:

- 1- Original plus two (2) copies of the variance application.
- 2- Non-Refundable Application Fee: \$150.00 (non-refundable regardless of decision by the City). Check should be made payable to "City of Parker".
- 3- Three (3) copies of the site plan. The plan must include a north arrow, a scale and show setbacks of all existing structures and all proposed structures from all property lines. If the proposed variance is requested for a waterfront lot, you will need to have a surveyor show the Shoreline Protection Zone and the FDEP Control Line on your site plan.
- 4- Three (3) copies of numbered photographs in color of the proposed site location of view written on

Covered area for entrance

5. The effect of the proposed variance is in harmony with the general intent of these Land Development Regulations and the specific intent of the relevant subject area(s) of these Regulations. ☒ YES ☐ NO Please explain below

REQUIRED SIGNATURE

I have read and understand all information provided in this application, the requirements listed within the application and agree to provide the necessary information requested by the City of Parker. The information I have provided on this application is true and correct to the best of my knowledge.

I understand that this application will be heard in a public meeting by the City of Parker City Council, the Parker Land Development Code shall govern the procedure of the decision.

I understand the Parker City Council cannot issue variances for the requirements of the City of Parker Comprehensive Plan. Changes to the Comprehensive Plan require a submittal of a Comprehensive Plan amendment application. (Applications are available at the City of Parker.)

I understand the City Council shall not vary the requirements of any provision of Ordinance 90-177, Parker Comprehensive Planning and Land Development Regulation Code, unless it makes a positive finding, based on substantial competent evidence on each of the finds contained in the variance application.

FLORIDA STATUTES 837.06-FALSE OFFICIAL STATEMENT

Whoever knowingly makes false statement in writing with the intent to mislead a public servant in the performance of his official duty shall be guilty of a misdemeanor of the second degree.

CITY OF PARKER VARIANCE APPLICATION

NOTIFICATION TO AFFECTED PROPERTY OWNERS

The applicant agrees that the City has the right to post a notification sign on the property, visible from the roadway, identifying the date, time, and location of the meeting of the City Council to consider the variance application. The applicant agrees to ensure that the sign is continually posted on the property until after a final decision of the City Council on the variance request or the application is withdrawn. After the meeting, the City shall have the right to remove the sign, restoring the surfaces of the property to its former natural state.
