Major Development Application  
Major Development  
Submittal Review Comments No. 1

Review Date: **JUNE 13, 2023**

Applicant Name: **COASTAL ACQUISITIONS OF FLORIDA, LLC**

Permit No.: **PZ23-0008**

Project Name: **SUBMITTAL NO. 1 REVIEW  
PROPOSED COMMERCIAL DEVELOPMENT  
METAL ROLL FORMING COMMERCIAL FACILITY  
25870-000-000: 909 WEST STREET, PARKER, FLORIDA 32404  
25869-000-000: 4623 EAST 2ND STREET, PARKER, FLORIDA 32404**

**APPROVAL STATUS:**

- ☐ **APPROVED**
- ☐ **APPROVED AS NOTED (CONDITIONAL APPROVAL)**
- ☒ **RESUBMITTAL REQUIRED - REQUEST ADDITIONAL VERIFICATION/MODIFICATION**
- ☐ **NOT APPROVED – DOES NOT MEET LAND USE CODE**

**PUBLIC WORKS REVIEW COMMENTS:**

1. Plans do not show stormwater or existing utilities. Please revise.

**POLICE DEPARTMENT REVIEW COMMENTS:**

1. No comments.

**FIRE DEPARTMENT REVIEW COMMENTS:**

1. An 8-inch waterline is required from U.S. Business 98 down to West Street to East 2<sup>nd</sup> Street to the hydrant to be placed at the entrance on 2<sup>nd</sup> Street.

**PLANNING REVIEW COMMENTS:**

1. Comments have been provided on the LDR analysis on Pages 2 to 13 and on the accompanying checklist.
2. Application indicates this development will be at 909 West Street. However, it appears that this development will be at 909 West Street, 4623 East 2nd Street, and also it will reach into the northern parcel 4610 U.S. Business 98. If this is the case, please revise the application and drawings to reflect those areas of the northern parcel, which will modify the lot coverage, ISR, acreage and other variables of the development.
3. Please provide a clear digital copy for review on all subsequent submissions.

**It should be noted that all communication regarding this development should flow through the City for distribution to the review team. Communication with the review team directly is strictly prohibited as the City maintains the master files for this development.**

Should you have any questions, please do not hesitate to contact the City of Parker.

## PLANNING REVIEW COMMENTS

### PROJECT DESCRIPTION:

Applicant is requesting to construct a **Metal Roll Forming Commercial Facility** on two parcels located on the northwest end of East 2<sup>nd</sup> Street bordering West Street, Parker, Florida. It should be noted that these parcels were approved for a Comprehensive Plan Amendment change from Mixed Use to General Commercial by the City Council on May 16, 2023.

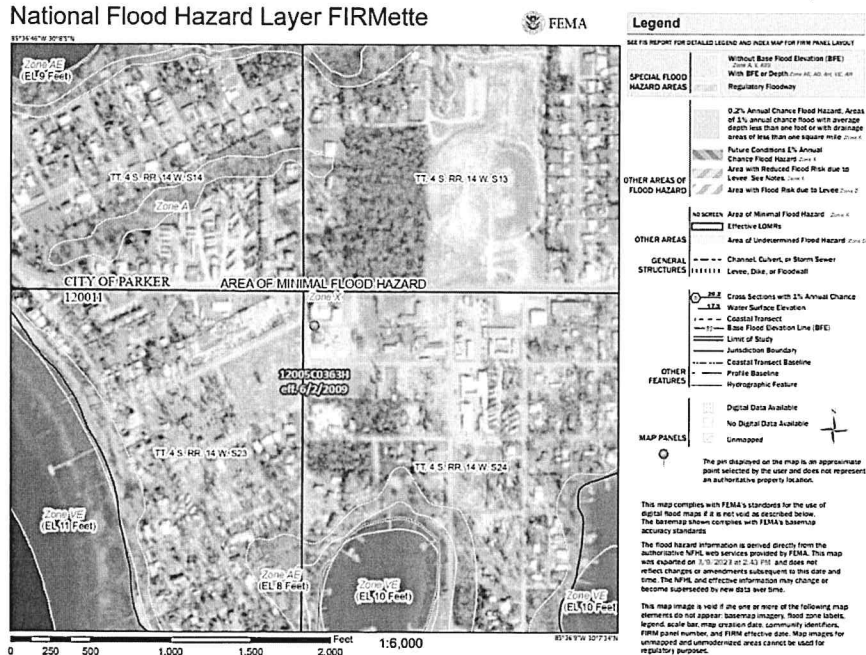

### PROPERTY DESCRIPTION:

1. Parcel ID:	25870-000-000: 909 West Street, Parker, Florida 32404 25869-000-000: 4623 East 2nd Street, Parker, Florida 32404
2. S/T/R:	24-4S-14W
3. Purpose of Application:	Applicant is requesting permission to construct a Metal Roll Forming Commercial Facility on these parcels.
4. Area:	Application, Bay County GIS and Property Appraisers indicate that these parcels have a combined area of 1.47 acres (or 64,217 square feet):  25870-000-000 – Approximately 0.885 acres 25869-000-000 – Approximately 0.587 acres  <b>Applicant did not provide signed and sealed boundary survey confirming the area. Boundary Survey will be required to confirm total area of the parcel. Accurate dimensions and/or areas of the impervious structures (buildings, driveway, etc.) are requested to ensure that the City has the most up-to-date records for all structures located on these parcels and to assist in the review of lot coverage and additional development orders submitted for the same development in the future.</b>
5. Current Use:	Vacant Commercial Lot
6. Proposed Use	Metal Roll Forming Commercial Facility
7. FLU:	General Commercial - GC
8. Maximum Density	N/A
9. Building Height	<b>RESUBMIT:</b> As referenced in Article 4-5.4.3.a – General Commercial – Development Standards – Maximum Building Height is defined as 60 feet/6 stories).  Application indicates a structure height of 24'. No building architectural elevations were provided. Please provide the architectural building elevations which confirm height and aesthetics of building.
10. Setback – Front Yard - 15 feet	<b>RESUBMIT:</b> As referenced in Article 4-5.4.3.b.i – General Commercial – Development Standards – Front Yard Minimum Lot Setback is defined as 15 feet.  <b>Plans were photographed and dimensions are unreadable. Please provide a digital copy of the plans on resubmittal to the City so setback can be verified.</b>

## PLANNING REVIEW COMMENTS

11. Setback – Side Yard - 7 feet	<p><b>RESUBMIT:</b> As referenced in Article 4-5.4.3.b.ii – General Commercial – Development Standards – Side Yard Minimum Lot Setback is defined as 7 feet.</p> <p><b>Plans were photographed and dimensions are unreadable. Please provide a digital copy of the plans on resubmittal to the City so setback can be verified.</b></p>
12. Setback – Rear Yard - 15 feet	<p><b>RESUBMIT:</b> As referenced in Article 4-5.4.3.b.iii – General Commercial – Development Standards – Rear Yard Minimum Lot Setback is defined as 15 feet.</p> <p><b>Plans were photographed and dimensions are unreadable. Please provide a digital copy of the plans on resubmittal to the City so setback can be verified.</b></p>
13. Setback – Corner Lot – 10 feet	<p><b>RESUBMIT:</b> As referenced in Article 4-5.4.3.b.iv – General Commercial – Development Standards – Corner Yard Minimum Lot Setback is defined as 10 feet.</p> <p><b>Plans were photographed and dimensions are unreadable. Please provide a digital copy of the plans on resubmittal to the City so setback can be verified.</b></p>
14. Lot Coverage (≤90%)	<p><b>RESUBMIT:</b> As referenced in Article 4-5.4.3.c – General Commercial – Development Standards – Maximum Lot Coverage is defined as 90%.</p> <p><b>Plans were photographed and dimensions are unreadable. Lot coverage is calculated according to the lot size and structures on the parcel. Applicant is required to provide a Site Data Table which includes impervious structures and lot coverage to show how the applicant came to 64% lot coverage per the plans. This should include a breakdown of the square footage for the following:</b></p> <p><b>Building Footprint – 28,800 SF</b>  <b>Pavement/Parking Areas – Area/Square Footage</b>  <b>Sidewalks – Area/Square Footage</b>  <b>Drive Heavy Duty Asphalt – Area/Square Footage</b>  <b>Gravel Area – Area/Square Footage</b>  <b>Any other impervious surface</b></p> <p><i>As stated above, accurate dimensions and/or areas of the impervious structures (buildings, driveway, etc.) are requested to ensure that the City has the most up-to-date records for all structures located on these parcels and to assist in the review of lot coverage and additional development orders submitted for the same development in the future.</i></p>
15. Minimum Lot Size (≥7,500)	<p><b>APPROVED:</b> As referenced in Article 4-5.4.3.d – General Commercial – Minimum Lot Size is indicated as 5,000 square feet.</p> <p>The lot size is indicated as over 5,000 square feet in Comment No. 4 above which meets the requirement of greater than 5,000 square feet detailed in the LDR.</p>
16. Floor Area Ratio (FAR)	<p><b>APPROVED:</b> As referenced in Article 4-5.4.3.e – General Commercial – Floor Area Ratio (FAR) is indicated as 1.5</p> <p><b>FAR Calculation:</b>          Building Area/Lot Area = 28,000/64,217 = 0.43 FAR</p>
17. Impervious Surface Ratio (ISR)	<p><b>RESUBMIT:</b> As referenced in Article 4-5.4.3.f – General Commercial – Impervious Surface Ratio is indicated as 0.7</p> <p><b>Plans were photographed and dimensions are unreadable. ISR is calculated according to the lot area and impervious surfaces on the parcel. Applicant is required to provide a Site Data Table which includes impervious structures and will</b></p>

## PLANNING REVIEW COMMENTS

	<p>have enough information to show how the applicant came to 0.7 ISR per the plans. This should include a breakdown of the square footage for the following:</p> <p>Building Footprint – 28,800 SF Parking Areas – Area/Square Footage Sidewalks – Area/Square Footage Drive Heavy Duty Asphalt – Area/Square Footage Gravel Area – Area/Square Footage Any other impervious surface</p>
18. Distance between Buildings	<p>N/A: As referenced in Article 4-5.9 – Distance Between Buildings, Applicant shall provide:</p> <ol style="list-style-type: none"> <li>The minimum distance between adjacent stand-alone buildings shall be a total of 10 feet.</li> <li>Distance shall be measured at the narrowest space between structures, whether a main living unit, principal structure, allowable attachment, or an accessory use, and shall not include roof overhang (eave).</li> </ol> <p>There appears to be only 1 building on site.</p>
19. FIRM Panel No, Flood Zone and BFE (if applicable)	<p><b>APPROVED:</b> Parcel is located within Flood Zone X in FIRM Panel No. 12005C0363H,</p> <p>National Flood Hazard Layer FIRMette</p>  <p>The map displays various flood hazard areas and features. The legend includes:</p> <ul style="list-style-type: none"> <li><b>SPECIAL FLOOD HAZARD AREAS:</b> <ul style="list-style-type: none"> <li>Without Base Flood Elevation (BFE)</li> <li>With BFE or Depth</li> <li>Regulatory Floodway</li> <li>0.2% Annual Chance Flood Hazard</li> <li>1% Annual Chance Flood Hazard</li> <li>Other Flood Hazard Areas</li> </ul> </li> <li><b>OTHER AREAS OF FLOOD HAZARD:</b> <ul style="list-style-type: none"> <li>Area of Minimal Flood Hazard</li> <li>Area of Undetermined Flood Hazard</li> </ul> </li> <li><b>GENERAL STRUCTURES:</b> <ul style="list-style-type: none"> <li>Channel, Culvert, or Storm Sewer</li> <li>Levee, Dike, or Floodwall</li> </ul> </li> <li><b>OTHER FEATURES:</b> <ul style="list-style-type: none"> <li>Cross Sections with 1% Annual Chance</li> <li>Water Surface Elevation</li> <li>Coastal Tract</li> <li>Base Flood Elevation Line (BFE)</li> <li>Line of Study</li> <li>Jurisdiction Boundary</li> <li>Coastal Tract Boundary</li> <li>Profile Baseline</li> <li>Hydrographic Feature</li> </ul> </li> <li><b>MAP PANELS:</b> <ul style="list-style-type: none"> <li>Digital Data Available</li> <li>No Digital Data Available</li> <li>Unmapped</li> </ul> </li> </ul> <p>The map includes a scale bar from 0 to 2,000 feet and a north arrow. The map is titled 'FIRM Panel No. 12005C0363H' and 'National Flood Hazard Layer FIRMette'.</p>
20. Wetlands:	<p><b>APPROVED:</b> This parcel is not located adjacent or near a wetland or other body of water.</p>
21. Storm Surge Risk:	<p><b>APPROVED:</b> This parcel is not located in an area where storm surge is anticipated.</p>

## PLANNING REVIEW COMMENTS

<b>22. Coastal High Hazard Area:</b>	<b>APPROVED:</b> Parcel is NOT located more inland and is not adjacent to a Coastal High Hazard Area.
<b>23. Soils:</b>	This area contains Lakeland Sand (0 to 5 Percent Slopes). The Lakeland series consists of very deep, excessively drained, rapid to very rapidly permeable soils on uplands. They formed in thick beds of eolian or marine and/or fluvio-marine sands in the Southern Coastal Plain MLRA (133A), the Carolina and Georgia Sandhills (MLRA 137), the Eastern Gulf Coast Flatwoods (MLRA 152A) and the Atlantic Coast Flatwoods (MLRA 153A). Near the type location, the mean annual temperature is about 67 degrees F., and the mean annual precipitation is about 52 inches. Slopes are dominantly from 0 to 12 percent but can range to 85 percent in dissected areas. TAXONOMIC CLASS: Thermic, coated Typic Quartzipsamments
<b>24. Contour Elevations:</b>	25871-000-000 – Contours are relatively flat on this parcel at around 20 feet, the north and west borders to slope to 16 to 17 feet as you reach the roadways, East 2nd Street and West Street. 25872-000-000 – Contours gently slope from 21 feet from the front boundary southeastward to 18 feet.
<b>25. Easements:</b>	There is a 50-foot-wide roadway right-of-way easement along East 2 <sup>nd</sup> Street. There is a 50-foot-wide roadway right-of-way easement along West Street. There is a 20-foot-wide stormwater easement which is currently running along the east boundary line of 4610 East Business Highway 98 that extends 20 feet south into Parcel ID No. 25869-000-000: 4623 East 2nd Street, Parker, Florida 32404
<b>26. Utilities:</b>	<p><b>RESUBMIT:</b> <b>Plans were photographed and dimensions are unreadable.</b></p> <p><b>Water Utilities:</b></p> <ul style="list-style-type: none"> <li>Parcel No. 25870-000-000 (909 West Street, Parker) has one commercial water meter.</li> <li>Parcel No. 25869-000-000 (4623 East 2nd Street) has one domestic water meter.</li> </ul> <p>The one domestic water meter will need to be converted to commercial meter (if they are needed for the site). These meters are connected to the City's 6-inch Potable Water Line that runs along West Street and East 2nd Street. There is one Fire Hydrant located on the west side of Parcel No. 25871-000-000: (1008 West Street).</p>  <p>Source: <a href="http://maps.baycountyfl.gov">http://maps.baycountyfl.gov</a></p> <p><b>Water Utilities Map</b></p> <p>This data is provided with understanding that the conclusions drawn from such information are solely the responsibility of the user. The GIS data is not a legal representation of the features depicted, and any assumption of the legal status of this data is hereby disclaimed. <p><b>27. SubArea 1 – Main Street (Business Highway 98)</b></p>	<p><b>RESUBMIT:</b> As referenced in Article 4-7.2 – Subarea 1 – Main Street (Business Highway 98), Applicant shall show compliance with the overlay design standards and the City's vision for this area of Highway 98:</p> <ol style="list-style-type: none"> <li>1. Building Architectural Style – The use of a common set of colors and building materials should be maintained for building facades to create a consistent and traditional architectural identity. Traditional architecture shall include, for example, the use of brick, pitched roofs, low-profile signage, and subdued colors. Building Use Mix – A mix of low to high rise mixed use, buildings containing retail, restaurant, personal service, office, and residential uses are desired fronting Highway 98.</li> <li>2. Building Use Mix – Mixed-use buildings are desired fronting the Business Highway 98 right-of-way comprising of retail, restaurant, office, and/or residential uses.</li> <li>3. Pedestrian Mobility – All properties within the subarea are encouraged to provide sidewalks parallel to public rights-of-way across the entirety of the property frontage and connecting with and to existing sidewalks located on abutting properties. Internal sidewalks are also encouraged to provide linkages to building entrances.</li> </ol>

## PLANNING REVIEW COMMENTS

	<p>4. Parking – Parking standards will meet the requirements of Section 5-9 Traffic Circulation and Parking. Parking at the rear of buildings will be encouraged as well as on-street parallel parking in front of the building.</p> <p>5. Streetscape and Landscape – The streetscape is encouraged to be enhanced with brick pavers accenting the sidewalks and crosswalks, decorative street furniture, and street trees to improve pedestrian safety.</p> <p>6. Stormwater – All stormwater management basins shall be designed to meet the City's and Water Management District's design requirements. Co-location shall be encouraged for larger regional systems and use as a site amenity.</p> <div data-bbox="518 730 1395 1407"> <p>OVERLAY DISTRICT MAP</p> <p>maps.baycountynfl.gov Printed: 3/9/2023</p> </div> <p><b>Please provide architectural elevations.</b></p>
28. AICUZ Overlay	<p><b>APPROVED:</b> The subject site is located outside of the City of Parker Airport Air Installation Compatible Use Zone (AICUZ) Overlay. The purpose of the AICUZ Overlay is to provide both airspace protection and land use compatibility with Tyndall Air Force Base Operations that affect the City of Parker. The AICUZ Overlay Boundary encompasses the area located within any noise contour line equal to or above 65 decibels (db) day-night average sound level. Refer to Article 4-8 – Airport AICUZ Overlay of the City of Parker Land Development Regulations for more information.</p>
29. Accessory Structures:	N/A
30. Trees	<p><b>RESUBMIT:</b> Applicant indicated that 4 palm trees and 1 oak tree will be removed from the site. We recommend that the palms be relocated to other undisturbed parts of the development. Please indicate what type of oak and why you are removing and not relocating the 36-inch diameter oak.</p>

## PLANNING REVIEW COMMENTS

	<p><b>As referenced in Article 5-7.11 – Trees:</b></p> <p>1. Generally</p> <p>Unless exempt under paragraph 18 of this subsection 5-7.11 or if the property owner obtains documentation from an arborist certified by the International Society of Arboriculture or a Florida licensed landscape architect that a tree presents a danger to persons or property, <b><u>no person shall cut down, destroy, remove or move, or effectively damage any protected tree located on any public or private real property within the City, unless otherwise exempted, without first obtaining authorization from the City.</u></b></p> <p>2. Protected Trees</p> <p>Unless otherwise authorized by this subsection or exempt from a City permit, no person shall cause, suffer, permit the removal of a protected tree without first obtaining approval or authorization from the City to conduct the removal.</p> <p>3. Conditions for Protected Tree Removal Authorization</p> <p>It is the intent of this subsection to <b><u>minimize the number of protected trees subject to damage or removal.</u></b> No authorization shall be granted to remove a protected tree if the person has failed to take reasonable measures to design and locate proposed development so that the number of protected trees to be removed is minimized.</p> <p>4. Tree Permit Application Requirements</p> <p>Required tree survey. Each permit application shall be accompanied by a <b><u>tree survey, prepared by a professional surveyor, registered with and licensed by the State. The survey shall consist of field flagging, location and identification of all protected trees, and property boundaries and corners.</u></b></p>
31. Visual Buffers	<p><b>APPROVED:</b> As referenced in Article 5-6.3.1 – Performance Standards - Visual Buffers, Applicant is required to provide:</p> <p><b><u>A visual screen or barrier must be used to block from view all parking areas from adjacent residential property or developments.</u></b> Along the front of parking areas and from the front lot line to the twenty (20) foot front setback line, this barrier shall consist of at least fifty percent (50%) solid material with minimum height of three (3) feet. From the twenty (20) foot front setback line to the rear lot line, the barrier shall consist of at least seventy-five (75) percent solid material with a minimum height of six (6) feet.</p> <p><b><u>Shrubs, trees, fences, or any combination of landscape material may be used in the construction of the barrier.</u></b> There shall also be a five (5) foot buffer strip between residential use and non-residential use which may be comprised of native vegetation or landscaped vegetation. All visual buffers shall be properly maintained and kept in good repair and appearance by the property owner.</p> <p><b>Because these parcels will not directly affect a residential development; buffers are not required but are recommended due to the nature of business and surrounding parcels.</b></p>

## PLANNING REVIEW COMMENTS

32. Noise	<p><b>APPROVED:</b> As referenced in Article 5-6.3.2 – Performance Standards – Noise, Applicant is required to provide:</p> <p>No non-residential development shall be allowed adjacent to residential properties which causes extended sound levels on such residential properties to exceed 60 dBA from 7:00 A.M. to 10:00 P.M., and 55 dBA from 10:00 P.M. to 7:00 A.M. Extended sound levels are those of a continuous or consistently repetitive nature.</p> <p>These parcels do not border residential developments.</p>
33. Lighting and Glare	<p><b>APPROVED:</b> As referenced in Article 5-6.3.3 – Performance Standards – Lighting and Glare, Applicant is required to provide:</p> <p>No multi-family residential or non-residential development shall be allowed adjacent to any residential properties which causes excessive illumination or glare upon the residential properties. All lighting or illumination proposed as part of any multi-family or non-residential development shall be located and installed so that no direct or indirect light falls upon adjacent residential properties. All driveways, parking lots or other vehicular access associated with multi-family or non-residential development shall be designed and constructed so that no direct light from vehicle headlights is shown upon or into any adjacent residential dwelling.</p> <p>These parcels do not border residential developments.</p>
34. Erosion Control	<p><b>RESUBMIT:</b> As referenced in Article 5-7.7.2 – Soil – Protection Standards, Applicant is required to provide:</p> <p>As part of the development review process required pursuant to subsection 6-1.4 of these Land Development Regulations the developer shall include an "Erosion and Sediment Control Plan." Such plan shall include:</p> <ol style="list-style-type: none"> <li>Calculations of maximum runoff based on the 100-year 1-percent critical duration storm event.</li> <li>A description of, and specifications for, sediment retention devices.</li> <li>A description of, and specifications for, surface runoff and erosion control devices.</li> <li>A description of vegetative measures.</li> <li>A map showing the location of all items listed in (a) through (d) in this paragraph.</li> </ol> <p>A developer may propose the use of any erosion and sediment control techniques provided such techniques represent best management practices and are certified by a Florida registered professional engineer.</p> <p>Once development activity begins the developer shall maintain in good repair all erosion and sediment control measures specified in the Erosion and Sediment Control Plan regardless of whether the development project is completed or not.</p> <p><b>Please provide drainage report/Geotech report including stormwater calculations as listed above.</b></p>

## PLANNING REVIEW COMMENTS

35. Wildlife Habitat Protection	<p>APPROVED AS NOTED: As referenced in Article 5-7.8.2 – Wildlife Habitat, Applicant is required to provide:</p> <p>2. Protection Standards  <u>The developer of any areas identified as containing habitat for endangered or threatened species shall be responsible for the conduct of an analysis to determine the value and extent of such habitat.</u> This habitat analysis shall form the basis of habitat conservation and preservation measures to be <b>established either as a condition of development approval or in an enforceable development agreement.</b></p> <p>The USFWS preliminary review indicated no critical habitats directly exist at this site location; however, precaution should always be taken to ensure no adverse effects to any discovered endangered species that are known in this area (e.g., Eastern Black Rail Bird, Alligator Snapping Turtles, and Eastern Indigo Snake, as well as a variety of flowering plants including Godfrey's Butterwort and White Birds-in-a-Nest). In addition, precaution should be taken for migratory birds, including the Magnificent Frigatebird, which may be nesting on or near the site.</p> <p><b>As this parcel is mainly concrete and building, it does not appear to need an analysis. However, USFWS should be consulted if any protected species of animal, bird, or fauna are encountered.</b></p>
36. Access Control	<p>APPROVED: Applicant will construct two access points to the parcel from West Street and East 2<sup>nd</sup> Street.</p>
37. Parking and Loading	<p>RESUBMIT: As referenced in Article 5-9.8.1 - Table, Applicant is required to provide parking spaces for this development. .</p> <p>Because it is classified as General Commercial – Licensed Business, the LDR states that it would require 4 spaces per 1,000 SF, which would equate to 112 parking spaces. Applicant currently has 25 parking spaces.</p>
38. Parking Lot Requirements	<p>RESUBMIT: As referenced in Article 5-9.8.4 – Off-Street Parking Lot Requirements, Applicant is required to provide:</p> <p>4. Off-street parking lot requirements.</p> <p>All parking areas shall be <b>surfaced with a hard, dustless material</b> approved by the City; properly drained; designed for pedestrian safety and shall provide direct access to a public roadway or alley. <b><u>Each off-street parking space shall have a minimum width of 9 feet and a minimum length of 20 feet.</u></b> Vehicular off-street turning and maneuvering space shall be provided for each lot containing five or more spaces so that no vehicle will be required to back into or from any public roadway or alley.</p> <p>Plans were photographed and dimensions are unreadable. Please submit a digital copy of the plans for review.</p>
39. Off-Street Loading and Unloading	<p>RESUBMIT: As referenced in Article 5-9.8.5 – Off-Street Parking Lot Requirements, Applicant is required to provide:</p> <p>There shall be provided on the same lot as that of the principal structures (<i>other than a one- or two-family dwelling</i>) adequate <b><u>space for vehicular off-street loading, unloading, and the maneuvering of commercial vehicles.</u></b> Vehicular off-street maneuvering</p>

## PLANNING REVIEW COMMENTS

	<p>spaces shall be provided so that no vehicular backing onto or from a public roadway is required. <b><u>All vehicular loading and maneuvering areas shall be surfaced with a hard, dustless material, and shall have direct access to a public roadway or alley.</u></b></p> <p>A minimum of one such loading space shall be provided for all nonresidential buildings where six or more parking spaces are required, plus one additional space for each ten thousand (10,000) square feet (or fraction thereof).</p> <p>Please indicate if the building has a drive-through bay. If not, please indicate how tractor trailers will be able to turn around when entering.</p>
40. Major Development Requirements:	<p><b>RESUBMIT: As referenced in Article 6-1.3 – Development Review Process, Applicant is required to provide:</b></p> <ol style="list-style-type: none"> <li><b>APPROVED AS NOTED</b> - Adequacy of public facilities and services available to serve the proposed development and bonding of all infrastructure by phase. <b>See Comment 43 below.</b></li> <li><b>RESUBMIT</b> - Suitability of site conditions including topography and soils, and the extent to which site modifications will be necessary to accommodate the proposed development. <b>Please provide Geotechnical Report.</b></li> <li><b>APPROVED</b> - Ingress and egress to roadways. <b>See Comment 36 above.</b></li> <li><b>RESUBMIT</b> - Drainage or stormwater management. <b>See Comment 34 above.</b></li> <li>Water infiltration.</li> <li><b>RESUBMIT:</b> Vehicular traffic, including on-site parking. <b>See Comments 36 to 38 above.</b></li> <li><b>RESUBMIT:</b> Required permits from other governmental agencies. <b>Provide draft permit applications to the City for review. Upon APPROVAL of this Development Order, all applicable permits that need to be executed by the City will need to be submitted to the City under separate cover. It is the responsibility of the APPLICANT to submit permits to any state or federal agency and respond to any requests for information. It should be noted that construction cannot commence until the Applicant has provided all approved state and federal permits to the City for the development files.</b></li> <li><b>APPROVED:</b> Lighting. <b>See Comment 32 above.</b></li> <li>Public safety and/or potential to create a public nuisance. <b>Provide statement that the development will be maintained and not impose a public safety concern or create a public nuisance for this area of Parker.</b></li> <li><b>APPROVED AS NOTED</b> - Impacts on natural resources. <b>See Comment 35 above.</b></li> </ol>

## PLANNING REVIEW COMMENTS

<p><b>41. Major Development Site Plan Requirements</b></p>	<p><b>RESUBMIT:</b> As referenced in Article 6-1.4.b – Development Review Process, Applicant is required to provide:</p> <p>Detailed drawings which show the following. <b>Please provide a clear digital set of plans on resubmittal.</b></p> <ol style="list-style-type: none"> <li>1. <b>RESUBMIT</b> - A vicinity sketch showing the relationship of the site in relation to surrounding roadways, land use districts, and flood zones, with base. <b>Please provide a vicinity map that shows the streets and land use designations of nearby parcels clearly.</b></li> <li>2. <b>RESUBMIT</b> - A description of the land; the name, address, and telephone number of the owner, developer, and designer or architect, and the date of site plan preparation. <b>Please provide telephone number of OWNER on Cover. Please submit Architectural Drawings with the name and contact information of the Architect.</b></li> <li>3. <b>APPROVED</b> - The boundary lines and dimensions of the area or lots included in the site plan, including angles, dimensions and references; a North directional arrow and map scale; and the proposed use of the land by areas.</li> <li>4. <b>RESUBMIT</b> - The existing and proposed grades, the drainage plan, erosion control plan, and the proposed structures with appropriate topographic contour intervals or spot elevations. <b>Please provide drainage plan.</b></li> <li>5. <b>RESUBMIT</b> - The shape, size, and location of all structures, including the floor area and elevations thereof, the floor area and ground coverage ratios and the relative finished ground and basement floor grades. <b>Please provide areas of all impervious structures as denoted in Comment 14 above.</b></li> <li>6. <b>APPROVED</b> - Natural features such as wetlands, shoreline, lakes or ponds, and protected trees, and man-made features such as existing roads, sidewalks, bicycle paths, walls, fences or other structures, indicating which are to be retained, removed or altered and the adjacent properties, their existing uses and land use designations.</li> <li>7. <b>RESUBMIT</b> - Proposed street, driveways, sidewalks, bicycle paths, and parking facilities; vehicular turnarounds, curb cutouts, and loading areas; the location of solid waste receptacles; the inside radii of all curves; the width of streets, driveways and sidewalks and the total number of available parking spaces specifying the type of construction and critical dimensions, and the ownership of the various facilities. <b>See Comment 36 to 38 above. In addition, please provide location of dumpster.</b></li> <li>8. <b>RESUBMIT</b> - The size and location of all existing and proposed public and private utilities or easements; water and sewer tap locations; sewer cleanouts and turns; and water meter types, sizes, and locations. <b>See Comments 25 and 26 above.</b></li> <li>9. <b>RESUBMIT</b> - All proposed landscaping and the dimensions and location of all proposed signs. <b>Please provide location of signage on plan.</b></li> </ol>

## PLANNING REVIEW COMMENTS

<b>42. Stormwater/ Drainage</b>	<p><b>RESUBMIT:</b> As referenced in Article 9-3.4 – Levels of Service, Drainage Systems or Facilities, Applicant is required to provide:</p> <p>The City shall use the regulatory requirements of Chapter 62-25, Florida Administrative Code as the level of service to reduce stormwater pollution and the 100 year 1%, 24-hour storm event as the design standard to reduce the potential for flooding.</p> <p>Please inquire if an environmental resource permit or an exemption is required for this project. Please provide Drainage Report including stormwater calculations for the pre- and post-development scenarios for the design standard required. Provide flow arrows on Site Plan indicating where drainage will flow and if needed provide drainage structures on site to reduce flooding.</p>
<b>43. Concurrency Review</b>	<p><b>APPROVED AS NOTED:</b> As referenced in Article 9-3.2 – Concurrency Management Review – Levels of Service as well as detailed in the Parker 2025 Comprehensive Plan, Applicant is required to meet the capacity thresholds of all utilities within Parker.</p> <p>This review assumes that there is adequate infrastructure as it relates to traffic, recreation, and schools until further notified.</p>
<b>44. Trash Ordinance:</b>	<p><b>NOTIFICATION ONLY:</b> All efforts should be made to protect the environment. The area should also be kept clean from all trash and debris from the construction zone that could otherwise pollute the ecosystem and environment. Per Parker Ordinance No. 2016-376, §3, 8-16-16, any construction or building site shall be kept clean at all times. All debris or solid waste must be confined in a specific area of the construction or building site. It shall be the responsibility of the individual obtaining the building permit and the general contractor to properly dispose of construction debris and solid waste on at least a weekly basis. No construction debris shall be burned or buried.</p>
